Executed with Neatness and Despatch.

Important Bargains Offered.

LOTS of Land for Rural Dwelling Houses, with Large Fruit and Vegetable Gardens, adjoining the city, mostly on the continuation of French St. and Broadway, and a street laid out, (West side, in the range with Broadway, (as it runs from State Street to the Park.) This street is laid out about 160 rods through my lands, extending over the west end of Mt. Pleasant. This land is north of and much higher than the Park, having a commanding view of the city and surrounding country.

Also, Land for Orcharding and Farming, on the new Stage Road to Oldtown running by Coombs' Mills, situate beyond and near the first considerable elevation, having a view of some part of the city on its western side. This land is considered as good as the farm on which I live, where I have raised over 41 bushels of Wheat to the acre, (as may be seen on the books of the P. A. Society,) and oats, hay and potatoes in that proportion. Some judgment may be formed also of my land for Fruit Trees on my lot near the city, by examining my bearing trees and our Fruit Nurseries.

My land East of the Mills has a considerable growth of wood on it, and some timber for frames. We run three turns a day, it being one of the best roads running out of Bangor.

Liberal terms will be given on it, and the size of the lots made to suit purchasers.
N. HARLOW.
Bangor, March 23, 1854.

☞ If any person, not advanced in life, should appreciate the probable results of a few years good business in Bangor, of purchasing land from an original lot, beginning at East Market Square, (the westerly part of Lot No. 68, Holland's Plan, is referred to,) where three leading and important streets are laid out passing into our great and important northern and western country, he can now do so. These streets will afford some of our finest seats for elegant Houses and valuable Fruit Establishments, without exception. It is only a strong wish to be relieved from part of my cares, and that of closing business of this kind which could induce me to sell at this time by the quantity.
N. H.

McFarland's
BURGLAR and FIRE PROOF
SAFES!

THE undersigned would respectfully call the attention of the public to the above unequalled safeguard of property—proof against the devouring element of fire, as well as the most skillful burglar. To MERCHANTS, JEWELLERS, and BANK DIRECTORS, we would only say examine them and the proofs, and you will be convinced of their superiority over all other manufactures.

Our business is done in a plain, straightforward way, without resorting to humbug or large talk.

Below is one of the many testimonials we are daily receiving from all parts of the country, and which speaks for itself. Messrs Pond, & Hitchcock's Old Store was situated directly under the Pearl-st House, and was totally consumed in that great fire of August 23d.

New York, Aug. 25, 1853.
Messrs Wm. McFarland & Co.,
Gents:—It affords us pleasure to inform you that the Fire and Burglar Proof Safe we purchased of you, preserved our books and papers, at the disastrous fire of the Pearl-st House, last evening, in the most perfect manner. Although it was covered throughout the fire with burning Rosin, and other Oils, and directly under a broken gas pipe, in the most intense heat, it remained true to its name, and its contents when taken out were not even scorched, and hardly bore the smell of fire. To any one who is in want of a superior Safe, a perfect safeguard against fire we cheerfully recommend your manufacture, having had a personal experience of their excellence. Yours truly,
B. F. POND & HITCHCOCK.

Our Depot, where an assortment of all kinds and sizes is constantly on hand, is at
33 Maiden Lane,
(TWO DOORS FROM NASSAU STREET.)

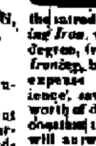
House-keepers Look at this.
Admirable Invention!
PATENT SELF HEATING
SMOOTHING IRON!



MANY important improvements have been made since the beginning of the present century relieving and facilitating the labor of man by machinery and other modern implements, but females have been nearly neglected until the introduction of the *Patent Self Heating Smoothing Iron*, which will relieve them, in a very great degree, from the excessive and fatiguing labor of *Ironing*, besides being a great saving of time and expense. This Iron combines economy, convenience, saving of labor, and despatch; one cent's worth of dry charcoal supplies fuel for a whole days' constant ironing. Hard wood coal from the stove will answer the same purpose. It can be used in any room or in the open air. Hatters' and Tailors' Irons are constructed upon the same principle, and possess equal superiority.

For sale, wholesale and retail, by the subscriber, who is the only Agent for Penobscot County.

STATE OF MAINE.
In the year of our Lord one thousand, eight hundred and fifty-four.

AN ACT to authorize the City of Bangor to aid the construction of the Penobscot and Kennebec Railroad.

Be it enacted by the Senate and House of Representatives in Legislature assembled, as follows:

Section 1.—The city of Bangor is hereby authorized to loan its credit to the Penobscot and Kennebec Railroad Company, in aid of the construction of their railroad, not exceeding, however, the sum of five hundred thousand dollars, upon their compliance with the following terms and conditions.

SECTION 2. If this act shall be accepted, as hereinafter provided, and said company shall, within three years from its approval, produce evidence satisfactory to the mayor and aldermen of said city for the time being, that the sum of $500,000 has been collected from the subscriptions to the stock of said company, and paid in and actually expended in the construction of their road and the purchase of the right of way, then such fact shall be certified by the mayor and aldermen to the city treasurer, and he shall forthwith issue to the directors of said company, for the purpose of completing said road, the scrip of said city, payable to the holders thereof at the expiration of twenty years from the date thereof, in the sum of five hundred thousand dollars, with coupons for interest attached, payable semi-annually; Provided, however, that the whole amount of said scrip shall not exceed the said sum of $500,000. And provided further, that said scrip of $500,000 may be subdivided and issued in lieu thereof for such sums as the parties may deem expedient.

Section 3.—Concurrent with the delivery of said scrip as aforesaid, the president and directors of said company, in their official capacity, shall execute and deliver to said city treasurer, the bond of said company in the penal sum of ten hundred thousand dollars, payable to said city, conditioned that said company will duly pay the interest on said scrip and the principal thereof, and in all respects hold and save the city harmless on account of the issue of the same. And shall also execute and deliver to said treasurer the scrip of said company, payable to the holders thereof at the same time and for the same amount as the scrip then issued by said treasurer to said company, with the like coupons attached. Which scrip shall be held by said city as collateral security for the fulfillment of the conditions of said bond, and in default of any one of said conditions, said city may from time to time sell said scrip or any portion thereof, at public auction or auctions, in the cities of Bangor, Boston or New York, after sixty days notice in writing, to the president, or one of the directors, or three of the stockholders of said company, naming therein the time and place of sale, and the net proceeds thereof shall be endorsed on said bond.

SECTION 4. The president and directors of said company are hereby authorized, and it shall be their duty in their official capacity, upon the receipt of said scrip, from said city, and the delivery of their bond to said city, to secure the payment of the same, to execute and deliver to said city a mortgage of said railroad, and of all the property of said company, real and personal, which they then have or may subsequently acquire, together with their franchise without prior incumbrance, which mortgage shall be signed by the said president in his official capacity, and shall be executed according to the law of this state, and shall be in due and legal form, and shall contain apt and sufficient terms to secure to said city the fulfillment of all the conditions in said bond contained; and said mortgage, so executed, and delivered and recorded in the registry of deeds for the county of Penobscot, shall, to all intents and purposes be, and the same is hereby declared to be, a full and complete transfer of said railroad of all the property of said company, real and personal, then or subsequently to be acquired, and of said franchise subject only to the conditions therein contained, any law to the contrary notwithstanding; and all the proceedings in the organization of said company, and choice of directors, shall be deemed valid and regular.

SECTION 5. For the purpose of foreclosing said mortgage, it shall be sufficient for the said mayor and aldermen to give notice according to the mode prescribed in the fifth section of the one hundred and twenty-fifth chapter of the revised statutes, which notice may be published in a newspaper printed in said city of Bangor, and record thereof may be made within thirty days after the date of the last publication, in the registry of deeds for the county of Penobscot; which publication and record shall be sufficient for the purposes of such foreclosure. Upon the expiration of three years from and after such publication, if the conditions of said mortgage shall not within that time have been performed, the foreclosure shall be complete, and shall make the title to the railroad, and to all the property and franchise aforesaid, absolute in said city.

SECTION 6. If the directors of the company shall at any time neglect or omit to pay the interest which may become due upon any portion of the scrip issued and delivered, under the provisions of this act, or to pay the principal as it shall become due, or to comply with any of the conditions of said bond, the city of Bangor may take actual possession in the manner hereinafter provided, of the railroad, of all the property, real and personal, of the company and of the franchise thereof, and may hold the same and apply the income thereof to make up and supply such deficiencies, and all further deficiencies that may occur, while the same are so held, until such deficiencies shall be fully made up and discharged. A written notice signed by the mayor and aldermen and served upon the president or treasurer, or any director of the company, or if there are none such, upon any stockholder in the company, stating that the city thereby takes actual possession of the railroad, and of the property and franchise of the company, shall be a sufficient actual possession thereof, and shall be a legal transfer of all the same for the purposes aforesaid to the city, and shall enable the city to hold the same against any other transfers thereof, and against any other claims thereon, until such purposes have been fully accomplished. Such possession shall not be considered as an entry for foreclosure under any mortgage hereinbefore provided, nor shall the rights of the city or of the company under such mortgage, be in any manner affected thereby.

SECTION 7. All moneys received by or for the railroad company, after notice as aforesaid from any source whatever, and by whomsoever the same may be received, shall belong to and be held for the use and benefit of the city, in the manner and for the purposes herein provided, and shall after notice given to persons receiving the same, respectively, be by them paid to the city treasurer, which payment shall be an effectual discharge from all claims of the company therefor, but if any person without such notice, shall make payment of moneys so received, to the treasurer of the company, such payment shall be a discharge of all claims of the city therefor. All moneys received by the treasurer of the company, after such notice, or in his hands at the time such notice may be given, shall be by him paid to the city treasurer, after deducting the amount expended, or actually due for the running expenses of the road, for the salaries of the officers of the company, and for repairs necessary for conducting the ordinary operations of the road.

Such payments to the city treasurer shall be made at the end of every calender month, and shall be by him applied to the payment of all the interest and principal due as aforesaid, and any person who shall pay or apply any moneys received as aforesaid, in any manner contrary to the foregoing provisions, shall be liable therefor, and the same may be recovered in an action for money had and received, in the name of the city treasurer, whose duty it shall be to sue for the same, to be by him held and applied as is herein required.

Section 8.—For the purpose of effecting the objects prescribed in the two preceding sections, the Mayor and Aldermen may cause a suit in equity to be instituted in the name of the city of Bangor, in the Supreme Judicial Court in the county of Penobscot, against the Railroad Company, its directors, or any other person as may be necessary for the purpose of discovery, injunction, account or other relief, under the provisions of this act; and any Judge of the Court may issue a writ of injunction or any other suitable process on any such bill, in vacation or in term time, with or without notice, and the Court shall have jurisdiction of the subject matter of such bill, and shall have such proceedings and make such orders and decrees as may be within the powers and according to the course of proceedings of Courts of equity, as the necessities of the case may require.

SECTION 9. If the railroad company shall, after notice of possession as aforesaid, neglect to choose directors thereof, or any other necessary officers, or none such shall be found, the mayor and aldermen of the city shall appoint a board of directors, consisting of not less than seven persons, or any other necessary officers, and the persons so appointed shall have all the power and authority of officers chosen or appointed under provisions of the act establishing said company, and, upon their acceptance, such officers shall be subject to all the duties and liabilities thereof.

SECTION 10. The city shall appoint one of the directors of said railroad company from among the stockholders, who shall be chosen annually by the city council in joint ballot, before the annual meeting of said company, for the choice of their officers, who shall have the same authority in transacting the business of said company, and who shall be entitled to like compensation from the company as any other director, but the right to choose such director shall cease when the loan contemplated is extinguished.

SECTION 11. As an additional or cumulative protection for said city, all liabilities, which by said city may be assumed or incurred under or by virtue of any of the provisions of this act, shall at the times and by force thereof, and for the security and payment of the same, create in favor of said city a lien on said railroad, its franchise, and all of its appendages, and on all the real and personal property of said railroad corporation, which lien shall have the preference and be prior to all other liens and incumbrancies whatever, and shall be enforced and the rights and interests of said city protected, when necessary, by suitable and proper judgments, injunctions or decrees of said supreme judicial court on a bill or bills in equity, which power is hereby specially conferred on said court.

SECTION 12. This act shall not take effect, unless it shall be accepted by said company, and by a vote of the inhabitants of said city, voting in ward meetings duly called according to law; and at least two thirds of the votes cast at such ward meetings shall be necessary for the acceptance of this act. The return of such ward meetings shall be made to the aldermen of said city, and by them counted and declared, and said city clerk shall make a record thereof; but this act shall take effect from and after its approval by the governor, so far as to empower the railroad company and the inhabitants of the city to act upon the question of accepting the same. The several ward meetings of the inhabitants for that purpose shall be called and holden within six months after such approval; and the same time shall be allowed for its acceptance by the said company, which acceptance shall be recorded on their books. And if the act shall be accepted as aforesaid, then after such acceptance and record thereof, all the parts of the act shall take effect, and be in full force.

In the House of Representatives, March 1, 1854.
This bill having had three several readings passed to be enacted.

CITY OF BANGOR.
PUBLIC NOTICE.

NOTICE is hereby given that the *Joint Standing Committee* of the City Council on *Accounts and Claims* will be in session at the Aldermen's Room on FRIDAY preceding the first Monday of each month during the ensuing Municipal year, at 2 o'clock P. M. All persons having claims against the city will present them to said Committee at the time of said meeting.
I. W. PATTEN, Chairman.
April 1, 1854

PUBLIC NOTICE.
Rail Road Loan.

THE inhabitants of the City of Bangor, qualified to vote, are hereby notified to assemble at the several places hereinafter mentioned, on MONDAY, the eighth day of May next, at ten o'clock in the forenoon, to act on the following articles, to wit:

1st—To vote "*Yes*" or "*No*" upon the question: Will the Inhabitants of said City accept the Act of the Legislature approved March 1st, 1854, entitled "an Act to authorize the City of Bangor to aid the construction of the Penobscot and Kennebec Rail Road?"

2d—To vote "*Yes*" or "*No*" upon the question: Will the Inhabitants of said City accept the Act of the Legislature, passed at its present session, entitled "an Act to authorize the City of Bangor to aid the construction of the Oldtown and Lincoln Rail Road?"

Ward One will meet at the School House, corner of York and Essex streets, in said Ward.
Ward Two will meet at the City Hall, in said Ward.
Ward Three will meet at the School House on Hudson street, in said Ward.
Ward Four will meet at the Hook and Ladder House, in said Ward.
Ward Five will meet at the School House on Pine street, in said Ward.
Ward Six will meet at the Westerly School house on Cumberland street, in said Ward.
Ward Seven will meet at the School House on Pearl street, in said Ward.

Notice is likewise given that a quorum of the Board of Aldermen will be in session at the Aldermen's Room from 9 o'clock A. M. to 1 P. M., on the day of election, for the purpose of granting certificates to such legal voters as are not registered upon the Ward Lists.

Warrants calling said meetings are posted up at the several places of meetings.
Per order: GEO. W. SNOW, City Clerk.

The Old Washerwoman.
FROM THE GERMAN CHAMISSO.

Behold her busy with her lines,
You ancient dame, with silver hair,
The briskest of the washerwomen,
Though six-and-twenty years are there.
So she has followed, year by year,
The honest toil at which you find her,
Filling with diligence the sphere
Of useful labor God assigned her.

In her young days, (for she is human,)
She loved, and hoped, and wedded too;
Well has she known the lot of woman.
Seen cares and sorrows not a few.
Her dear sick man she sought to save,
(Three children faithfully she bore him,)
Nor did she bury in the grave
Her faith and hope, when earth closed over him.

The precious charge now laid upon her
With cheerful energy she bore;
She trained them up in fear and honor,
Virtue and prudence all her store
At length, to seek their livelihood.
They took her blessing and departed;
A lone old woman now she stood,
Yet cheerful, hopeful and stout-hearted.

She spared, and scraped, and saved each penny,
And spun by night the flax she bought,
And of fine flax thread yards full many
At last she to the weaver brought.
He wove her linen white as snow;
Her needle and her scissors plying,
A spotless burial dress she so
Prepared against her day of dying.

Her dress—her burial dress—with pleasure
And sacred pride she lays away
It is her first, and last, her treasure—
The fruit of many a toilsome day.
She puts it on God's Word to hear
When Sabbath bells sound holy warning,
Then lays it up again to wear
The night before the eternal morning.

And would that I, when night shall find me,
Might read in life's last sinking sun,
That I had wrought the work assigned me,
As the good dame her task has done;
That I had learned life's joy's to drink
In such full and even measure,
And could upon my grave-clothes think,
At last with such a heart felt pleasure.

Friendless Girls.

A new institution of a useful kind, has just been started in Boston, called the Guardian of Friendless Girls. At its head is Rev. John T. Sargent, formerly a minister at large, a man well qualified for his work, who will act as Agent of the Association, in the Courts, and elsewhere, becoming bail for such as he thinks proper subjects for his assistance. The committee solicit from their fellow citizens interested in the object, funds to support the movement. An agent, a home, means for clothing some of the girls, for sending them into the country, for correspondence with friends out of the city, willing to co-operate in the object,—all these and similar expenses, must be incurred; and for these the Association rely on the liberality of a community never appealed to in vain in behalf of a worthy object.

The Committee consists of six gentlemen and a lady, of known philanthropy who say in their address:

"Our streets are full of children, wholly idle or engaged in trifling occupations. Many of these are girls. Experience shows that idleness and vagrant habits lead them into temptation, and they soon become guilty of slight offences against the laws. If left unmolested by the police, they ripen into profligate and degraded offenders. If arrested and committed to jail or the House of Correction, they are, after a few months, rendered back to the community worse than before.

For boys, the State has provided fitting and ample succor in the Westboro' Reform School, of whose abundant success we need not speak. This association aims to protect the girls, until something of the same kind, or something equally effectual, be set on foot by the State.—Its object is to take charge, where it is possible, of those who have not yet become offenders, and with permission of the Courts, to take possession of those arraigned for crimes; to provide them a temporary home in the city, instruction in some means of getting a living, and obtain homes, for such as need them, in families residing in the country towns of New England."

We publish the above, not only as an article of Massachusetts intelligence, but also as showing what is needed in other states also, on a larger or smaller scale, as the case may be.

The Marrow Squash.

Much depends upon the manner of planting squash seeds, to ensure good crops. Every man's motto should be, "work the soil deep." When I have planted my squash seeds after the following rule, I have never failed of being well paid for my labor, viz: Dig the holes 16 or 18 inches deep, three feet broad and seven apart; throw the top soil on one side, and the bottom soil on the other side of the holes. After digging as many holes as I wish to plant hills, I return the top soil to the bottom hole, and then take one bushel or more of well pulverised manure, one peck leached ashes, for each hill and with a spade or shovel mix well together from top to bottom. Then plant the seeds, leaving the top of the hills level with the surface of the ground, and keep them so during the season. When they are up, and the bugs have done troubling them, thin them out, leaving two or three stocks in each hill, which will cover the ground before the summer is ended.—New England Farmer.

THE RIGHT OF MINISTERS.—The Rev. Dr. Mason of New York, passing up Broadway, stopped to read a theatrical placard, which attracted his attention. Cooper, the tragedian coming along, said to him, "Good morning, sir—do ministers of the gospel read such things?" "Why not, sir," said the doctor—"ministers of the gospel have a *right* to know what the devil is about, as well as other folks."—New Haven Journal.

The reverend clergyman referred to, was exceedingly felicitous in repartee, and loved to provoke it in others. Standing on the steps of Dr. Dwight's house in New Haven, Dr. Mason stepped upon a portion of the stone work which was loose, and, giving way, it slightly threw him off his balance. "You have need to mend your ways, sir," said Dr. Mason. "I see we have, Doctor," replied his friend, "and I am glad there is a Mason so near at hand."—N. Y. Commercial.

A Kiss among the Puritans.

In 1650, a trial took place in Connecticut under the second of the Blue Laws prohibiting kissing. The offenders were Sarah Tuttle and Jacob Newlice. It appears that Sarah dropped her gloves and Jacob found them.—When Sarah asked for them, Jacob demanded a kiss for his pay, and as the demand did not seem to Sarah extravagant, she adjusted it forthwith. The facts were clearly proved, and the parties were fined twenty shillings.

The Loan Bills Sustained by the People.

At the Ward meetings held yesterday for the purpose of voting upon the question of accepting the acts of the Legislature authorizing the city to loan its credit in aid of the Penobscot and Kennebec Railroad and the Milford and Lincoln Railroad, the acts were approved by a very strong vote, as will appear from the following table:

	P & K R. R. Yes	No		Milford & Lincoln Yes	No
Ward 1	238	2	Ward 1	236	2
" 2	196	3	" 2	159	3
" 3	270	4	" 3	256	3
" 4	23	14	" 4	221	35
" 5	19	26	" 5	201	51
" 6	182	12	" 6	131	18
" 7	12-	9	" 7	129	9
Total	1437	69		1407	88

This strong vote is a full and fair expression of the people of this city in favor of the immediate construction of these railroads, and of the confidence of the people in those who have the direction of them. The few persons opposed to the granting the loans certainly made a good show of force in discussion and excitement previous to the voting and their numbers would have been estimated much larger without a vote telling the number than they can now be counted.

An hour at Oldtown.

We visited Oldtown a few days since for the purpose of spending an hour in order to witness the effect of the freshet and to get a view of the noble Penobscot river at that place while the islands and rocks along the falls were submerged, giving a broad and noble expanse of water, and also to notice the progress of the railroad bridge crossing the river from Oldtown to Milford.

The river presented to our view a grand appearance, the water being several inches higher than for many years and a number of feet higher than we had ever seen it. The appearances were so much changed that we should not, probably, have recognized this point in the river.

The railroad bridge will be a noble structure. The piers and abutments are completed and five hundred and fifty feet of the frame work has been erected. The whole length of the bridge is one thousand four hundred and sixty-one feet. It has fifteen stone piers and two stone abutments. Several of the spans between the abutments are one hundred and fifty feet each. Over the long spans there is a high truss, making eleven hundred and seventy-seven feet of high truss and two hundred and eighty-four feet of low truss to the bridge.—The grade of the bridge is twenty-six feet to the mile. Beyond the abutment of the bridge the Bangor and Piscataquis Canal and Railroad Company's road will extend one thousand feet into Milford, where a spacious station house will be erected, and where it will connect with the Milford and Lincoln railroad.

This bridge, when completed, which will be in a few months, will cost fifty thousand dollars, and will be very substantial and will make a very imposing appearance. It proves the ability and the courage of the owners of the railroad from this city to Oldtown and will greatly facilitate the up-river travel.

The block of saw mills erected last year by Gen Veazie at Oldtown we examined for the first time. The appearance of the buildings, so extensive and massive, attracted our attention and as we had a little spare time on our hands we desired to examine the mills, and to notice the improvements which have been made within a few years in structures of this kind.

The principal block of the new mills is four hundred and twenty six feet long and sixty six feet wide. To this block is attached a side building for a clap-board mill fifty-seven feet long. The old block, connected, is one hundred and fifty eight feet long.

In the mills altogether there are four gang saws, thirty saws to a gang, twenty six single saws, two clap-board machines, eight lath machines, an edging machine for each double mill or fourteen circular saws. There is also a carpenter and machine shop and two runs of stone for grinding corn.

Connected with the mills are two powerful force pumps, to be worked by the power of the mills, and they are supplied with hose and leading hose for the purpose of extinguishing fires.

These mills are built in the most thorough manner, and nothing has been omitted that would add to their efficiency and convenience. They command the water of the Penobscot river, on a fine fall and extend from the main land to a rock island. They never suffer from a deficiency of water, and at the foot of the mills there is excellent rafting facilities without sluicing or cartage.

These mills, taken together, are undoubtedly the most complete and valuable of any in the State of Maine, and when we have said that, it is fully equivalent to saying any in the world. They have been built under the direction, as master carpenter, of Mr. George W Hatter, a man of much skill and rare judgment. He is, moreover, a man of quiet habit, unpretending, making little show, and whose modesty is only equalled by his sterling merit.

The general superintendence of the work and the business has been performed by Mr. John W. Veazie.

In order to give our readers a better idea of the real value of these mills than they will be able to gather from the above description, we would state that the four gang saws lease for an annual rent of two thousand dollars each, the twenty-six single saws rent for one thousand dollars each; the eight lath mills for one thousand five hundred dollars each. We are unable to state the income of the clapboard and shingle machines and the grist mill. We have however, without them, the grand total of forty thousand dollars of annual rent, and if we estimate the clapboard and shingle mills and the runs of stone in the grist mill at the cost of the single saws, we have a grand total of 152,000 annual rent, or just one thousand dollars a week.

The village of Oldtown makes a fine appearance, and while we were devoting our time to the examination of the bridge and mills, the "Fat Man" of the Penobscot Mutual Insurance Company was engaged in selling to the good people there several hundred choice fruit trees. This shows that the citizens of this town are not unmindful of their social comforts. Indeed through the example and activity of Hon. Geo P. Sewall, the present Collector of Customs of the Bangor Custom House, and Rev Mr Merrill and others, fruit growing is popular and on the increase, and in the sweet and attractive embellishments of trees, shrubbery, vines and flowers, the village will in a few years be one of the loveliest in the State. Thus its material and its social prosperity go on hand in hand; its educational enterprises are also increasing, and its moral forces coming into greater activity. Long may the town make progress and prosper.

CITY AFFAIRS

In City Council, May 8, 1854

The Mayor and Aldermen appointed the following *Surveyors of Wood and Bark*,

John O Kendrick, H B Stewart, Richard Potter, William S Patten, Benjamin Parker

Petitions presented and referred—

Of the Bangor and Penobscot Canal and Railroad Company for leave to cross certain streets, to Committee on Streets and Highways

Of the Committee of the First Baptist Church in Bangor against the prayer of the B. and P C and Railroad Co. to cross streets

Of Bangor Light Infantry for city to furnish to them an armory

Of James Pitchbuck and a against alteration of roads running by house of Samuel Sherburne, to Committee on Streets.

Of H S. Wheeler and als for sidewalk on Allen street, to Committee on Streets and Highways

Communication of Superintending School Committee asking an appropriation of $200 for employment of Mr Merrill to teach French in the High School.

Communication of City Treasurer in relation to purchase of lot for school house on Union street

An Ordinance to provide an armory for the Light Infantry was passed to be engrossed

Orders passed in concurrence.—

For a Special Committee to examine Hammond Street Chapel and purchase the same if they deem it expedient, and cause the same to be removed to such lot as the School Committee shall direct, at an expense of not over $700

For Chief Engineer of the Fire Department to purchase 500 feet of leading hose

That the Street Engineers grade State street from Lime street to Pearl street, and also Newbury street, from State street to York street

That the City Treasurer purchase of A. M. Roberts a lot of Land on Union street at the sum of nineteen hundred dollars

Impressment of British Seamen.

In times past the British government have waged wars distasteful to the native Britons, and been crippled for money and men in consequence, when they resorted to the detested "press gang" for the purpose of obtaining a sufficient number of men to man her proud and powerful navy and soldiers to fill the ranks of her great army. It was announced, some time since that this system would not be resorted to, as, indeed, if from no higher principle, there was no necessity for it, as the government found no difficulty in obtaining all the men needed by voluntary enlistment. Volunteers in any cause are much more efficient than the same men would be if coerced, and in estimating the present ability of the British army and navy as compared with former times, this fact may not be overlooked.

We understand that a report has gone abroad to the effect that British seamen, on their return to their native country, would be pressed into Her Majesty's service. The British Consul at Portland has been officially informed that no steps have been taken for a forced levy of seamen. Her Majesty's government have already given the world notice that, for the present, letters of marque will not be issued, by which private armed vessels would be authorized—though not justified—in preying upon the private property of the subjects of her enemy. Let Great Britain carry out her present avowed intentions in these respects, through the whole of the war in which she is now engaged, and it will be an advance step in the progress of civilization and a most noble example, which cannot fail to influence other nations favorably.

THE ETERNAL DAY. By the Rev Horatius Bonar, D D New York Robert Carter & Brothers. 1854.

This is a neat volume of two hundred and fifty pages, and piously devoted to the consideration of the ages to come in the eternal world of spirits, the stability of that world, its life, light, love, consolation, service and songs, together with the city and temple of that world. The work is an exhortation to the Christian while travelling the road of life to be looking forward to the fine home, and in all the trials that beset him on earth to draw comfort from the blessed anticipations of the heavenly joys that await him after life's fitful fever shall be ended.

This work may be obtained at E F Duren's bookstore near the Post-office.

☞ The pursuit of education for its own sake is idolatry. The great aim in the acquisition of an education should be to illuminate the intellect—the mere porch of the mind in order that the truths and the good of heaven may enter into man's spiritual affections, and make him in God's likeness. The triumph of life is for the human to become victorious by child-like submission to the Infinite.

☞ A large amount of real estate has changed hands, in this city this spring, particularly in dwelling houses, at an advanced price. At the present prices of materials and labor the purchasing of houses already built is deemed more advantageous than to build.

The Washington correspondent of the Journal of Commerce disbelieves the report that Santa Anna intends to import foreign troops in to Mexico. He says that he intends to encourage immigration from Germany and other countries, by advancing passage money for immigrants, and granting them lands for settlement, to be paid for after a certain time. He has learned a lesson, the writer remarks, by seeing how much the United States have been benefitted by means of the constant flood of foreign laborers, mechanics, and farmers into this country, who bring into the country large amount of money, and rapidly develop the agricultural resources of the country, and assist the construction of public works.

Washington News—The Nebraska Bill—The Nicaragua Treaty—The Japan Expedition.

WASHINGTON, May 5.

A number of Northern members, heretofore counted as Anti Nebraska men, it is said, will vote to take up the bill under a pretence of killing it afterwards. Seven votes are expected from New York in favor of the bill.

Mr Borland's treaty will not be sent to the Senate, principally because it contains a provision making an alliance both offensive and defensive, but negotiations are now going forward between Mr. Marcy and Mr. Marcoleta for a new treaty, which will obviate the difficulties of that of Mr. Borland.

Nothing of importance has been received from Com. Perry, at the Navy Yard, but the Government have received advices, deemed to be from a reliable source, corroborating the news of the Russians having succeeded in effecting a treaty with Japan.

Nebraska Indians en route for Washington City.

The Rev Thomas Johnson, Delegate to Congress from Nebraska Territory, passed down the river the other day, on the steamer Polar Star on his way to Washington City. He had with him a number of Indians—representatives from the border tribes—going on to Washington to negotiate treaties with the General Government concerning the relinquishment of their titles to the Nebraska lands. We did not learn the number of tribes sending on delegations, but suppose many of the Indian tribes along the western line of our State, south of the mouth of the Nemahh River.

It is now rendered pretty certain, we believe, that there will not be much difficulty in getting the various Indian tribes to relinquish their titles to the United States, provided a fair compensation is paid them. This the Government ought to do, for their lands are valuable for farming and pastural purposes and are rendered a greater object of acquisition by lying on the road between the States and the Pacific possessions.—Independence (Mo) Messenger, 20th inst.

A Proposed Purchase.

It is said that the project for purchasing the right and interests of the Hudson Bay Company, and the Puget's Sound Agricultural Company, has been renewed. The directors of these companies have proposed to sell out to the United States government and Governor Stevens of Washington Territory, in his message to the Legislature, urges that steps be taken to induce the federal government to ascertain the extent of these rights which so much obstruct the growth and prosperity of the territory, and to buy them up. These companies made an offer some years since to sell out their whole establishments for one millions of dollars.

FIRE. We learn from the Portland papers that on Saturday night last fire was discovered in the cabin of the Schr Bowditch, (owned in this city,) Capt. Laury, from Savannah, laden with Southern pine lumber, lying at the Marine Railway, Cape Elizabeth. The mate and a boy were asleep in the cabin and barely escaped with their lives. The vessel was badly damaged, her after part being entirely burnt away. Sails and rigging mostly saved. The deck load had been discharged and that remaining in the hold was only partially destroyed. The fire was extinguished by the assistance of the crew of the steamship Cleopatra, and three engines from Portland.

Lt Henry T Wingate, U S N, died at Lexington, Mass, on Thursday last. He was a native of Maine, and was about 40 years old.

The Lead Poison.

The Fitchburg Sentinel says that a Mr Fisher, of Northboro, Mass, died a few weeks since, of lead poison. He had been in the habit, for the last fifteen years of using water taken from a well through a lead pipe by a pump and by slow degrees his constitution was undermined by the poison, and the fatal result ensued. The symptoms of his disease were such that they could not be mistaken, and it was an undoubted case of lead poison.—Cases like these should put a stop to the use of lead pipe for conveying water for drinking or culinary purposes.

The returns published indicate that our ship building is rapidly surpassing that of Great Britain. Over 330,000 tons of shipping were built in the United States in 1852, and a still greater amount in 1853. At present the aggregate amount of tonnage owned by each of the two countries does not materially differ. The rapid strides our mercantile marine has made since 1847 has closed up the great gap then existing in the relative proportions of shipping owned by the two countries, until it now appears probable that within ten years the American flag will cover more vessels than the flags of all other nations. If we cannot boast as many ships of War as Great Britain we can at least boast as many ships of Peace.

How Letters miscarry.

About ten days ago a prominent business firm in this city deposited a letter containing remittances amounting to about $15,000, in the post office in this city, directed, as they alleged, to Providence R. I.—The package not having been received by the person addressed by due course of the mail matter was brought to the notice of the postmaster who instituted an investigation—the consequence of which was that the package was found at Providence N Y, to which place it was plainly directed. Such mistakes are too common among our business men and financial institutions.—N Y Evening Post.

The following are among the patents issued from the United States Patent Office for the week ending May 2 1854—each bearing that date:

G. M. Patten of Bath, Me., for improved arrangement in spring dies in machines for making clinch rings.

Elbridge Webber of Gardiner, Me., for improved rotary planing knife.

Nathaniel P. Richardson of Portland, Me., for design for cooking stove.

The crop of Tobacco raised in the United States is considered by many as comprising the bulk of the consumption of Europe, and few are aware of the fact that Hungary with all its oppressive policy towards the agriculturist and its political embarrassments, produces nearly double the quantity of that sent from the United States to Germany and Holland.

Some three years since a man named Clark Hubbard, of Walpole, N. H., wandered off in a fit of derangement, and no traces of him were discovered until last week, when his skeleton was found in a little clump of trees near the main road where he was last seen alive. The body was recognised by the clothing.

A packer for two members of Congress, and authorized to use their names for franking documents has been detected selling franked envelopes at fifty cents a hundred. A claim agent purchased a lot and enclosed eleven hundred circulars to pass through the city post office.

The Number of Books distributed by the Agents and Ministers of the Episcopal Church Missionary Society, during the year just passed, was 1,700 Bibles, 150 Prayer books, 2,700 Tracts, and 3,70? bound volumes of religious instruction.

Major B. Hammatt Norton has lately received official notification that his appointment to the office of American Consul, at this Port which he held under President Taylor's administration, has been confirmed by President Pierce.

A young man by the name of Merrill twenty years of age, son of Nathaniel Merrill of Pownal, Me., was drowned by the upsetting of a boat in Harraseeket river, at Freeport on Friday last, while on a sailing excursion.

The city authorities of Worcester have appropriated $500 to be expended in planting shade trees in the streets of that city.

XXXIIId CONGRESS.

WASHINGTON, May 5

SENATE.

The Senate has been engaged on the private calendar.

The bill to pay for tobacco destroyed by the British, in Maryland, during the year 1812, was passed.

After disposing of a large number of private bills, the Senate adjourned to Monday.

HOUSE

The debate on polygamy in Utah was continued for some time, when the Committee rose, and Mr. Richardson moved to reconsider the vote, which, being passed the debate was terminated, his object being, when the House should again go into Committee, to lay this bill aside, and proceed to the consideration of others. The vote was reconsidered, and the resolution laid on the table.

The House, however went into Committee again, and the Utah bill was finally laid aside, by yeas 85, nays not counted, with a recommendation that it do not pass.

Five other Territorial bills were considered and laid aside.

The Committee next considered the admission of Oregon as a State, but without action, when the Committee rose.

A sharp discussion then arose as to whether the House should adjourn till Monday, and during considerable noise the Speaker declared the House adjourned until to-morrow.

As the Speaker was leaving the House he was addressed with much warmth by Mr Campbell, who advocated the adjournment till Monday, and contended the Speaker had decided the question of adjournment too hastily.

The Speaker rejoined with equal warmth, and the House was in a state of excitement for a few minutes, when the members quietly dispersed.

May Day in Holden.

To the Editor of the Whig and Courier

The long winter has at length taken its departure, and we hail with joy the advent of the season of flowers. As the first of May is more generally regarded than in past times, perhaps a short account of its observance in Holden may not be uninteresting. The fourth was observed, on account of the previous storm. We had a fine day and every thing passed off with harmony, cheerfulness, and general satisfaction.

The young people resorted to the pleasant bower prepared for the occasion, where, after the coronation of the Queen, which gave credit to the young lady that presented the crown and performed the ceremony, the Queen addressed the company in appropriate language. The seasons were then represented by four young ladies each arrayed in becoming attire.

Interesting addresses were delivered by young gentlemen present. One by Mr E. A. Hart of Bangor Theological Seminary.

After partaking of some refreshment prepared by the ladies a number of toasts were given which were responded to in a cheerful manner. The young company then repaired to a neighboring dwelling and spent the remainder of the day in an agreeable and social converse.

Holden May 6. AN OBSERVER.

Fraternal.

Mr C. G. Duffy, former friend and partner with Mr John Mitchell in the publication of the United Irishman, comes down like an avalanche upon that gentleman in a letter of an indefinite number of columns, published in the Irish American. It is highly refreshing to witness these symptoms of Mr. Mitchel's popularity, and his espousal of the cause of slavery, and his wish for a plantation in Alabama. The following is the concluding paragraph in Duffy's letter

"In one respect your new career has disappointed me your fall was more sheer and speedy than I counted on. When you landed in the States, one of my friends, who never saw you, predicted the inseparable things you must accomplish in uniting the Irish race, and giving them a common purpose among us. I answered that unhappily there was not a chance of it, that you had great demagogic force of expression but of independent thinking or creative faculty not a lot, that your various antipathies would infallibly prove disturbing elements, that the genius of governing men was unknown to you, that you had derided and despised many things, but discovered nothing, and that in twelve months you would be simply the leader of a small and angry cabal. I said twelve months, Mr. Mitchell but I confess my error you have completed our disappointment in six.

I am come I have performed an ungracious task, but one I look upon not without humiliation and loathing. Good God! could you find no worthier employment, after defeat and exile, than reviving the jealousies of the past. Was it again that the *Citizen* was established, not against England? Your ghastly sarcasms pass me like the idle wind, the time is long gone by when they could wound me. I am conscious of no feeling so profound in this controversy as melancholy, in remembering you were once my friend, and witnessing the spectacle you have become.

CHARLES GAVAN DUFFY

Blackrock, Dublin, April 13

A genius down East has invested a spy glass of wonderful power. He says he looked through it at a third cousin, and it brought him relatively nearer than any other brother. Is it made of gold?

The Cleveland Herald thus addresses old bachelors: "If our Maker thought it wrong for Adam to live single when there was not a woman on earth, how criminally guilty are old bachelors, with the world full of pretty girls."

"A thing of beauty is a joy forever" and what more beautiful than flowers which are the poetry of nature. There is none who love and cultivate these joyous things of earth but in the heart professes a love for the beautiful.

The bottom of Lake Huron, where the water is 420 feet deep is above the level of the Atlantic ocean.

A Hindoo law says a man must not strike his wife, even with a blossom.

Holloway's Pills the best Remedy for the Cure of Dropsy—Extract of a letter from Mr P. Williams dated Melford, March 1, 1852 to Professor Holloway—Sir Feeling grateful for the benefit my wife has derived by the use of your Pills I consider it my duty to inform you of it. Soon after the birth of her last child, her feet and ankles began to swell, and afterwards her whole body … this occurred at the … obtained the best medical advice, but her health … I then tried your pills which I am happy to say have restored her to sound and perfect health.

MERCANTILE ASSOCIATION

There will be an adjourned meeting of the members of the Bangor Mercantile Association on

THURSDAY EVENING, May 11th,

at 7 o'clock. A full attendance is desirable, as business of importance will come before the meeting.

m9—3t J. C. FLINT, Sec'y.

CARD.

WM ARNOLD returns his sincere thanks to his numerous customers for their liberal and long continued patronage, and having sold his stock and stand to Mr. Coles Billings (April 6th 1854) would respectfully invite the attention of those indebted to him to the immediate settlement of their accounts. He may be found at his former counting-room for a short time. Mr. Sargent is also authorized to settle bills.

Bangor, April 10, 1854. 4w

MARRIED.

In Bradford Apr 24, by Alvin Trask Esq., Mr. George W Parks of Bradford to Miss Charlotte L. Pierce daughter of David Pierce Esq., of Kirkland

DIED.

In this city May 6th, Mary Ann Barker, daughter of Martin R. and Mary L. Barker, of East Haven, N. H., aged 15 years 4 months.—[NH papers copy.

Groceries and Provisions.

May2 eowd&w3w

DR. McRUER

WILL, specially, attend to the following departments of *Medicine* and *Surgery*.

The diagnosis of cases of *obscure disease*. For this purpose he can bring to his aid a familiar acquaintance with the Stethoscope, Microscope, and Test Tube.

The treatment of the diseases of the *Eye* and *Ear*.

The Surgical treatment of *Deformities*.

The radical cure of *Ruptures*.

☞ Dr. McR. attended the Hospitals of New York and Philadelphia the past winter, informing himself of all the recent improvements and discoveries in the healing art, and has been furnished with the necessary instruments and apparatus for accomplishing the above intentions.

☞ Arrangements have been made with housekeepers, in his immediate neighborhood, for the accommodation of patients, from a distance, with board, on reasonable terms.

Choice Fruit Trees!

Ornamental and Fruit Trees, and Flowering Vines and Shrubs.

J. W. CHAPMAN

Offers for sale at his Nursery in the city of Bangor, on 14th Street, near Messrs. A. Noyes' and T. Beacroft's gardens, a handsome variety and choice lot of

Fruit & Ornamental Trees,

selected in reference to the soil and climate of Maine, among them all the *choice varieties*, with many of the *Novelties* of the times. The collection embraces most of the varieties of

Pear, Apple, Plum, Cherry. Also, Dwarf Pears on the Quince, Apple on the Paradise, Cherry on the Mahaleb stocks; Quince, Gooseberries, Currants, Raspberries, Strawberries, Thimbleberries, &c., &c.

Rose Trees, Honeysuckles, Grape Vines, and Rhubarb.

A fine lot of BUCKTHORN Plants, for hedges, and much admired for enclosing lots at Mt. Hope, and many other things too numerous to mention in an advertisement.

☞ All orders promptly executed, and Trees packed for safe transportation to any part of the country.

May 2, 1854 d&w3w

NORTH NURSERY, Bangor, Me.

THE subscriber offers for sale a large collection of

Fruit and Ornamental Trees, Shrubs, and Hardy Herbaceous Plants.

More than three thousand PEAR TREES, of about seventy-five kinds, being those best adapted to this climate, both standard and dwarfs on the Quince, including many of the new sorts; some of the n being large and in a bearing state.

A good variety of the best PLUMS, consisting of the Washington, Jefferson, Huling's Superb, Green Gage, Lawrence Favorite, Coe's Golden Drop, Lucomb's Nonesuch, Purple Gage, Lombard, Imperial Ottoman, Imperial Gage, Sharp's Emperor, Duane's Purple, McLaughlin, Columbia, Smith's Orleans, Purple Favorite, Yellow Gage, Prune Peache, Royal Detours, Bleeker's Gage, Royal Hative, Early Oval, and others.

APPLE TREES on their own roots, and dwarf on the Paradise stock.

CHERRY TREES on the Mahaleb stock, among which are the Belle de Choisy, May Duke, Late Duke Bigarreau, Coe's Transparent, Carnation, Napoleon, Black Tartarian, Elton, Verplank's White, Black Eagle, Downer's late Red, and Knight's Early Black.

A selection of the best *English Gooseberries and Currants*.

Raspberries, of the Knevet's Giant, Franconia, Fastolf, and Monthly

The improved *High Bush Blackberry*.

A good collection of *Roses, Vines and Climbers*, *Buckthorn Plants*,—Pear, Mahaleb, Paradise, Quince, and Plum Stocks.

☞ Any articles not on hand, that can be obtained, will be furnished as cheap as can be purchased in the Massachusetts Nurseries.

☞ Those ordered to be shipped by Steamboat will be delivered at the Boat free of charge, except the cost of packing.

J. WINGATE CARR.

May1, 1854 d&w6w

CHOICE Fruit Trees!

—AND—

Shrubbery.

A. & R. B. DUNNING

NOW offer for sale, either at their Nursery or at their Seed Store, Mercantile Square, 15,000 GRAFTED APPLE TREES, mostly Baldwins and R. I. Greenings, with Ribstone Pippin, and other varieties.

—ALSO—

PLUM TREES,
BLACK HEART CHERRY TREES,
PEAR TREES.

Likewise, a lot of European MOUNTAIN ASH, together with

ROSE BUSHES,
SNOW BALL,
CURRANT,
and GOOSEBERRY.

A fine lot of HONEYSUCKLES, together with a general assortment of

Seeds, Implements,

and other matters of interest to Farmers and Gardeners.

A. & R. B. DUNNING.

Apr21 d&w

Choice Fruit Trees.

FOR SALE at the NURSERY on Centre Street, a choice lot of FRUIT TREES, most of the stock consisting of *Apple Trees*, grown in this climate, and of best varieties of Apples which have proved adapted to this climate.

Also, a quantity of HORSE CHESNUT and WEEPING WILLOW Trees.

As the Centre Street Nursery must be cleared the present spring, for the purpose of appropriating the land to other uses, a rare opportunity is offered, particularly to those who wish a quantity of small trees, as well as standards, and in order to clear the land the Trees will be sold in quantities at low prices, if early application be made.

☞ Those wishing for single trees can be accommodated with almost any variety, from this or the Nurseries of N. Harlow, Esq. in the immediate vicinity.

Joseph Gillott's Steel Pens

Infringement of Trade Marks!!

AT THE GENERAL TERM OF THE SUPERIOR COURT, held at the City of New York, March 11th, 1854, in the case of GILLOTT vs. LEWIS A. KETTLE, the order of the Special Term was affirmed with costs.

THE above action was had against the defendant for the sale of Pens in boxes from which the original labels had been removed, and other labels placed thereon, purporting that the pens were the Genuine No. 303, manufactured by the Plaintiff.

Notice is hereby given, that legal proceedings will be commenced against all persons detected in the sale of Pens bearing said changed labels.

A Reward of One Hundred Dollars

will be paid to the printer of said labels, or any other person who will enable the Plaintiff to make proof of the quantity of labels so printed, and the persons for whom they were printed.

Caution to Consumers.

Please observe that each Genuine Pen No. 303 has the said number stamped thereon, with the maker's name in full.

Dr Langley's Root and Herb BITTERS.

A COMPOUND of Sarsaparilla, Yellow Dock, Wild Cherry, Ash Dandelion, Thoroughwort, Wild Cherry, Mandrake and Rhubarb. Just the Medicine or Ladies; sure to do them good.

SPRING HAS COME.

Read, consider, reflect and know that after sitting shut up or confined in factories or workshops all winter the Liver becomes inactive and unhealthy. In swelling the blood with vitiated humors, producing Jaundice, Weakness, Loss of Appetite, Dyspepsia, Headache, Costiveness, Indigestion, Foul Stomach, Piles, Languor, and General Debility. Now then if you wish to remove all these, together with humors in the blood and skin, take Dr. Langley's Root and Herb Bitters—at least one or two bottles. They always do good and never hurt. Let each and every man, woman and child have a bottle at only 25 cents for a pint, 37½ cents for a quart bottle.

Now Nature, herself, a safe remedy brings,
Which cleanses the fountain of life at its springs,
From fearful Disease that leads to the grave,
Langley's Root and Herb Bitters infallibly save.
There's scarcely a disease in nature we can name,
In which the Root and Herb bitters have not achieved fame.
And so safe is their action, they cannot do harm,
While they strengthen the system and act like a charm
Are you Temperance folks—when this medicine is used
No drunken delirium is ever induced.
... to of mother feel alarm is ...
To be ... it cannot do harm.
Is your liver disordered? ... your face
Then ... will find both the monsters a blow,
... suffer from Headache—twill give you relief,
... of all cures acknowledged the chief,
The ... do you good,"
The test of experience has easily stood—
And many ... will appeal,
That the Root and Herb Bitters is every one's Friend"
Is your Appetite poor, then the Root Bitters take
And you'll heartily relish your chop or your steak,
The blood it will purify—redden your cheek,
And strong be your frame should it ever grow weak,
The ladies declare no such Remedy's known,
And ... ease to the Fair Sex alone!
No wonder the Bitters make Languor to fly,
Bring new blood to the lip, new fire to the eye!

Sold in Bangor, wholesale and retail, by Ingraham & Fuller, Guild & Harlow, and by all Druggists and dealers in Medicine in Bangor, Orono, Oldtown, Stillwater, Hampden, Frankfort, and Bucksport, at 25 cents a pint and 37½ cents for a quart bottle.

☞ Wholesale Depot 99 Union-street, Boston. Agents wanted in every town to sell this good medicine.

AYER'S CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

WE invite the attention of the public to the Certificates appended below, and appeal for them that candid consideration which their honest frankness deserves.

Men in such stations as might who voluntarily bear witness to the efficacy and value of CHERRY PECTORAL do no wanton[illegible] with [illegible] facts, nor overstate their convictions. Judge then, whether this is not the medicine to trust when you must have relief for the throat or lungs, judge, too, whether every family ought not to have it by them as a safeguard against the ever watchful prevailing enemy, which steals with fatal [illegible] upon almost every flock, and carries off the lamb from many a home!

Jackson, C H, Jackson City, O, 20th Nov 1853.

DR J C AYER—Sir: The CHERRY PECTORAL, I much inquired after. Several of our best Physicians have used it, three of them in their own case, and it was with the happiest effect. The numerous patients I [illegible] before them, I had to immediately [illegible] regard to every new remedy and it is only after and with [illegible] we [illegible] in any article that any thing like a general confidence can be ent[illegible].

The unrivalled excellence of this combination [illegible] in the Cherry Pectoral, proved to you [illegible] trial under their own observation, has compelled [illegible] them to proclaim abroad its usefulness. It is beyond all doubt the best remedy we have for the Pulmonary Affections of this climate, and [illegible] and expectorant [illegible] the combination of [illegible]

In the hope that I will prove [illegible] myself, Respectfully your obt servant,

JAS. H C MILLER, M D

Allegan Mich, 10 h Jan'y, 1853

Dear Sir—No one, no not one—man woman or child—can be found to deny that the Cherry Pectoral is all that it claims to be. There is much used in this vicinity [illegible] not known until recently. The community [illegible] its virtues. Yours truly,

JOHN S. KELLOGG, M. D.

What yet remains to convince the most incredulous that the *Cherry Pectoral* is all that it purports to be an unequalled remedy for all diseases of the Throat and Lungs. The experience of years, has proved it to be such. We submit it to the people, believing that its merits will fully maintain its reputation.

Prepared by J. C. AYER, Chemist, Lowell, Mass.

Waterville, April 7, 1854

KENNEDY'S

The Greatest of the Age!

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures EVERY KIND OF HUMOR, from the worst Scrofula down to a common Pimple. He has tried it in over eleven hundred cases, and never failed except in two. He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston

Two Bottles are warranted to cure a nursing sore mouth

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will cure the system of biles

Two bottles are warranted to cure the worst canker in the mouth and stomach

Three to five bottles are warranted to cure the worst cases of erysipelas.

One to two bottles are warranted to cure all humors in the eyes.

Two bottles are warranted to cure running in the ears and blotches in the hair

Four to six bottles are warranted to cure corrupt and running ulcers

One bottle will cure scaly eruptions of the skin

Two to three bottles are warranted to cure the worst case of ring worm

Two to three bottles are warranted to cure the most desperate cases of rheumatism

Three to six bottles are warranted to cure salt rheum

Five to eight bottles will cure the very worst case of Scrofula.

A benefit is always experienced from the first bottle, and a perfect cure warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day as that a common weed, growing upon the pastures, and along old stone walls, should cure every humor in the system, yet it is now a fixed fact.—If you have a humor it has to start. There are no ifs nor ands about it suiting some cases, but not yours. He has peddled over a thousand bottles of it in the vicinity of Boston, and knows the effects of it in every case. It has already done some of the greatest cures ever done in Massachusetts. He gave it to children a year old to old people of sixty, and has seen poor puny looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to a sick headache one bottle will always cure it. It gives great relief in catarrh and dizziness. Some who have taken it have been costive for years, and have been regulated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be alarmed—they always disappear in from four days to a week. There is never a bad result from it—on the contrary, when that feeling is gone, you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that ever man listened to.

No change of diet ever necessary. Eat the best you can get, and enough of it

Roxbury, Sep 19 1853

TESTIMONIALS.

The following certificate from Dr John C Warren, of Boston who gave 17 years since but will last forever

Boston, Jan 5 1853.

Having had occasion to observe that some persons afflicted with Hernia have suffered much from the want of a skilful workman in accommodating Trusses to the peculiarities of their cases, I have taken pains to inform myself of the means [illegible] of Mr J F Foster to supply the deficiency occasioned by the death of Mr Beath—After some months of observation of his work, I am well satisfied that Mr F is well acquainted with the manufacture of these instruments, and ingenious in accommodating them to the variety of cases which occur. I feel called upon to recommend him to my professional brethren and to the public as a person well fitted to supply their wants in regard to these important articles

JOHN C. WARREN, M D.

The undersigned take great pleasure in recommending to the favorable consideration of those who are unhappily afflicted with Hernia, Mr James Frederick Foster, as a skilful and competent person in the manufacture and fitting of Trusses. We have employed him (some of us over twenty years) and therefore speak from personal knowledge of his abilities. His early and ant [illegible] long experience in the business and the large number of individuals whom he has relieved in a variety of cases [illegible] in our opinion equal, if not superior to any. [illegible] of the article [illegible] Foster, of [illegible] which period Mr Foster enjoyed [illegible] and made application of Trusses in a great variety of cases [illegible] success [illegible] character

It is well known to all who have occasion to wear a Truss, that its greatest excellence consists in adaptation to the body at the same time relieving the patient. [illegible]

Our experience has convinced us that Mr Foster has thoroughly attained such skill. [illegible] Dr J C Warren, and others [illegible] opinion we [illegible]

PATENTS.

American and Foreign Office

AGENCY FOR BUSINESS WITH U. S. PATENT OFFICE, WASHINGTON

No. 76 State Street, opposite Kilby St., BOSTON

IMPORTANT INFORMATION TO INVENTORS. The subscriber (late Agent of the U S Patent Office, under the Act of 1837 determined to present advantages in applying for patents superior to those offered inventors by others has made arrangements whereby on applications prepared and conducted by him, THIRTY DOLLARS [instead of twenty as [illegible] back by others] will be remitted by him in case of failure to obtain a patent and the withdrawal through him, within thirty days after the rejection. Caveats, Specifications, Assignments and all necessary papers and drawings, for procuring patents in this and foreign countries prepared and advice rendered on legal and scientific matters respecting inventions, and infringements of patents

Inventors can not only here obtain their specifications on the most reasonable terms but can avail themselves of the experience of 20 years practice, an extensive library of legal and mechanical works, and correct accounts of patents granted in this and other countries; besides being saved a journey to Washington the usual great delay there as well as all personal trouble in obtaining their patents. Copies of claims of any patent furnished by remitting one dollar. Assignments recorded at Washington.

R. H. EDDY, *Solicitor of Patents*

During the time I occupied the Office of Commissioner of Patents R H Eddy Esq, of Boston did business at the Patent Office as Solicitor of Patents. There were few, if any persons acting in that capacity, who had so much business before the Patent Office, and there were none who conducted it with more skill fidelity and success. I regard Mr Eddy as one of the best informed and most skilful Patent Solicitors in the United States and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office

EDMUND BURKE *Late Commissioner of Patents*

It had its origin in the Forests

[illegible] Red Man [illegible] Medicines. [illegible]

Dr. Hart's Genuine Indian Salve.

Every [illegible] should keep a box in the house and have it handy in case of accidents.

Indian Salve cures Ulcers or Fever Sores.

Mr Ezekiel Ward of Corinth, Me. [illegible] has been troubled with a very bad Ulcer or Fever Sore upon his ankle, which has at times been so inflamed and swollen that he could scarcely [illegible] to intolerable as to deprive him of rest day or night, but, by the use of the Indian Salve, sofar recovered as to be able to labor upon his farm with perfect comfort

Mr Andrew Hodgdon, of Palmyra [illegible] the Indian Salve for a very bad Scrofula sore [illegible] in a more comfort than all the remedies [illegible] [illegible] and enables him to attend to his labor as usual.

Indian Salve cures Piles.

A man in Buxton was entirely cured of a severe attack of this painful disease, by a few applications of this wonderful Salve. Another Gentleman in Portland says it gave him instant relief in a case of Piles of long standing

Indian Salve cures Scald Head.

A boy in Lowell was cured of Scald Head, by the Indian Salve after many other well tried medicines had failed. An infant in Saco was cured of this awful malady after one box of All-Healing Ointment, and many other remedies had been used, with no good results. A child in Portland was cured of a very bad case of Scald Head by using one box;

Indian Salve cures Poisoned Limbs.

Two boys in Scarborough were cured of bad sores on their legs occasioned by being severely poisoned

Indian Salve cures Burns.

A girl in Portland had her hand very severely burned with [illegible], and after trying many remedies with no good effect, was entirely cured with one box of Indian Salve. In cases of Burns, if the Indian Salve is applied immediately, it draws out the fire and prevents blistering, as it heals at once.

Indian Salve cures Cuts and Bruises.

Mr E J Ingled had his thumb nail torn out by the roots, and says on applying the Indian Salve the pain subsided and healing took place at once.

Indian salve is the best article in the World for Boils.

Mr D G Sumner, No 44 Market Square Portland used this on the Salve [illegible] Inflammation [illegible] superior to any Salve [illegible] Mr [illegible] a very [illegible] there is no remedy equal to it [illegible] Paul Franklin, of Portland [illegible] this celebrated Salve [illegible] had sore, and says it is a remarkable remedy. So says every one that uses it.

Indian Salve is highly spoken of by all who have used it.

In no case does it fail to allay inflammation and pain, and restore to perfect soundness the most angry looking wound.

WILBOR'S COMPOUND OF

PURE COD LIVER OIL AND LIME.

THIS valuable medicine which has received the sanction of the medical faculty by whom it is regularly prescribed and which has been used successfully by thousands of invalids, is one of the most remarkable preparations ever offered to the public in the cure of

CONSUMPTION, SCROFULA, COUGHS COLDS ASTHMA BRONCHITIS, SPITTING OF BLOOD, AND ALL COMPLAINTS OF THE LUNGS

Pure Cod Liver Oil has long been acknowledged to be the most efficacious article for the cure of Consumption and kindred diseases yet discovered, while the chemical properties of the PHOSPHATE OF LIME are also well known in medicine as being peculiarly healing. In cases where ulceration has taken place in the lungs, this article has been found by the most careful tests to supply the very ingredients necessary for the formation of cells and the complete healing of the delicate part of the human system

This preparation of the pure Cod Liver Oil and Lime robs the oil of its very nauseating taste which renders it so repulsive, particularly to invalids.—The thorough incorporation of the Phosphate of Lime with the Oil has only been accomplished by the adoption of the most perfect rules of chemistry and a compound has thereby been produced which is of inestimable value in a climate like our own

A long array of Certificates might be given here to prove the efficacious character of this medicine but it is not deemed necessary. The fact that from the very first introduction of the Cod Liver Oil and Lime before the public, it has been gradually adopted by the medical faculty, is sufficient proof of its unquestioned excellence

AYER'S PILLS,

A NEW and singularly successful remedy for the cure of all Bilious diseases—Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers Gout, Humors Nervousness Irritability, Inflammations, Headache Pains in the Breast, Side, Back and Limbs. Female complaints, &c, &c Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented if a harmless but effectual Cathartic were more freely used No person can feel well while a costive habit of body prevails besides it soon generates serious and often fatal diseases which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing anything hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth

Among the eminent gentlemen to whom we are allowed to refer for these facts are

PROF VALENTINE MOTT the distinguished Surgeon of New York City

DOCT A. A. HAYES Practical Chemist of the Port of Boston, and Geologist for the State of Massachusetts

IRA L MOORE M D, an eminent Surgeon and Physician, of the City of Lowell, who has long used them in his extensive practice.

H C SOUTHWICK Esq, one of the first merchants in New York City

C. A. DAVIS M D, Sup't and Surgeon of the United States Marine Hospital, at Chelsea Mass

Did space permit, we could give many hundred such names, from all parts where the Pills have been used but evidence even more convincing than the certificates of these eminent public men is shown in their effects upon trial

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process, in a state of purity and combined together in such a manner as to insure the best results This system of composition for medicines has been found in the Cherry Pectoral and Pills both to produce a more efficient remedy than had hitherto been obtained by any process The reason is perfectly obvious While by the old mode of composition every medicine is burdened with more or less of acrimonious and injurious qualities, by this, each individual virtue only that is desired for the curative effect is present All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate formula by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If however there should be any one who has not received them, they will be promptly forwarded by mail to his address

Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no mysteries

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject, freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach bowels liver and other organs of the body, restoring their irregular action to health, and by correcting wherever they exist such derangements as are the first origin of disease

Being sugar wrapped they are pleasant to take, and being purely vegetable no harm can arise from their use in any quantity

For minute directions see the wrapper on the Box.

DR. MORSE'S Invigorating Cordial,

A

Phenomenon in Medicine.

Health Restored & Life Lengthened by Dr. Morse's Invigorating Elixir, or Cordial.

For centuries Medical science has been ransacking the vegetable and mineral kingdoms, in search of something that should restore the lost energies of the nerves and muscular systems, without the drawback of subsequent prostration, which most of stimulants and narcotics hitherto have entailed.—*That something has been found.* It is a vegetable product, brought from the stony deserts of Arabia the [illegible] by the celebrated Professor M Morse well known [illegible] member of the leading scientific societies of the Old world and equally distinguished as a physician a chemist and a traveller. The [illegible] [illegible]

TO THE MISGUIDED.

[illegible]

BEFORE CONTEMPLATING MARRIAGE,

should reflect that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed, without these the journey through life becomes a weary pilgrimage, the prospect hourly darkens the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with your own.

PARENTS AND GUARDIANS

are often misled with respect to the causes and sources of disease in their sons and wards. How often do they ascribe to other causes of wasting of the frame idiocy madness, palpitation of the heart, Indigestion derangement of the nervous system, cough and symptoms indicating consumption, when the truth is that they have been [illegible] in a pernicious, though alluring practice, destructive both to mind and body.

CAUTION

Dr Morse's Invigorating Cordial has been counterfeited by some unprincipled persons.

In future all the genuine Cordial will have the proprietor's [illegible] pasted over the cork of each bottle, and the following words blown in the glass;—

"Dr Morse's Invigorating Cordial. C. H. RING, Proprietor, N. Y."

The Cordial is put up highly concentrated, in pint bottles.

Price,—$3 00 *per bottle; two for $5,00*, [illegible] for $12 0

C. H. RING, Proprietor, 192 Broadway, New York.

MEDICATED INHALATION

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has been made by Dr CURTIS for the cure of Asthma, Consumption, Bronchitis, Coughs Colds and all Lung complaints Inhalation [illegible] CURTIS'S HYGEANA OR INHALING HYGEAN VAPOR AND CHERRY SYRUP [illegible] in cases of Asthma and Consumption [illegible] of New York [illegible] never known [illegible] seat of the disease [illegible]

The Inhaler is worn on the breast under the linen without the least inconvenience the heat of the body being sufficient to evaporate the fluid supplying the lungs constantly with a healing and agreeable vapor passing [illegible] and passages [illegible] possibly be reached by any other medicine [illegible] a case of

ASTHMA CURED.

[illegible] Dec 20 1853

For about eight years I have been severely afflicted with Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing and my sufferings were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians but have received no permanent benefit and but little relief. I at length had the good fortune to procure Dr Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it I was suffering under one of my most violent attacks and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach and took a teaspoonful of the Cherry Syrup I was relieved in a great measure from the difficulty of breathing and had a comfortable night. I have since continued it with the greatest possible benefit and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is—try it

MARGARET EASTON

CONSUMPTION CURED.

New York Dec 27th 1853

I came to New York in the ship Telegraph my native place is St John New Brunswick When I reached this city my health was very poor had a bad cough raised a good deal of matter which was frequently mixed with blood. I had pain in my left side, and was very weak and emaciated. My friends and physicians pronounced my case Consumption and beyond the reach of medicine. I accidentally heard of Dr Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup and obtained a package which I verily believe was the means of saving my life. Soon after wearing the Inhaler I found it relieved the pressure on my lungs and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed and continued to do so my cough gradually growing better until it entirely left me and I now consider myself cured. I still wear the Inhaler as the use of it is rather pleasant and believing it strengthening and purifying to the lungs I feel unwilling at present to dispense with it. JOHN WARD
